Lincoln County Reports 9th COVID-19 Case

Lincoln County Health Department (LCHD) is confirming a 9th case of COVID-19 in Lincoln County. The individual is in their 20's and is expected to have become infected through community transmission. The individual is in isolation and LCHD has contacted others with whom the case had close contact with.

People with confirmed infections have a range of symptoms, from little to no symptoms to people being severely sick and dying. Symptoms may include: fever, cough, shortness of breath, sore throat, headache, fatigue, body or muscle aches, nausea, vomiting, diarrhea, loss of smell and loss of taste. It's important to remember that COVID-19 can be spread to others even if a person does not have symptoms. LCHD encourages anyone with symptoms or have been exposed to someone with COVID -19 to go in for testing. You can find testing information on the Lincoln County Health Department's website.

LCHD will continue to update our Facebook page Monday - Friday, with current COVID-19 case counts. This is a rapidly evolving situation. For the latest information about COVID-19 in Lincoln County visit: https://co.lincoln.wi.us/covid19 or follow us on Facebook. You can also visit the CDC's website or the DHS website.
