TOMAHAWK AREA

The Tomahawk area, is home to more than 400 miles of groomed trails for pristine snowmobiling in the winter months. These trails also connect to adjoining counties making Tomahawk a central destination for snowmobilers each winter. Here, you can witness the beauty of a Northwoods winter as the extensive trail system takes you through beautiful wooded wildlife areas, expansive frozen lakes and smooth fields. Our trail systems are groomed and maintained by the Knight Owls Snowmobile Club, Northern Trails Unlimited and Northwoods Passage. These clubs raise several thousands of dollars each year through their businesses and social clubs to maintain our superb trails and keep Tomahawk a premier snowmobiling destination which offers plenty of fun and excitement along the trail. We also have plenty of accommodations and business stops along the trails for your enjoyment.
