Total estimated value of accepted bid				97,145.20

Cutting Instructions:

Contract available for inspection

1. Cut all ironwood, all merchantable aspen, all merchantable white birch, and orange paint marked trees. Snags and dead trees are only to be cut if leaving them standing presents a safety hazard to the harvesting operation.
2. All logging damage/debris must be corrected/removed from trails, woods roads, and grass openings daily and prior to sale closure.
3. Any roadwork will require prior approval of the Forestry Department and will follow BMP guidelines. Contractor is responsible for installing water bars and/or using other soil stabilizing techniques where appropriate.
4. Logging activity is prohibited from April 15 to July 15 to reduce the risk of introducing and/or spreading oak wilt.
5. Special care must be taken to not damage or disturb survey markers.
6. In order to protect advanced regeneration, whole tree skidding with tops attached is subject to field approval in the 5 acre peninsula located north of the north access woods road (see map).
7. Lincoln County has an easement to use a woods road to cross private property directly west of the sale to access the north end of the job.
8. Mixed hardwood pulp volume estimate is approximately 26% white birch and less than 1% aspen. Mixed hardwood log volume estimate is approximately 23% sugar maple, 8% red maple, 37% white birch and 26% white ash.
