Total estimated value of accepted bid				110,258.05

**Cutting Instructions:**

Contract available for inspection

1. Clearcut area: cut all living trees greater than 1 inch in diameter except for oak, black ash, tamarack, pine, cedar, cherry, hemlock and yellow paint marked trees. Do not residual cut non-merchantable trees in low wet areas and drainages. Selection harvest area: cut all ironwood, all merchantable aspen, all merchantable white birch, fir with 3 or more merchantable sticks, and orange paint marked trees. Snags and dead trees are only to be cut if leaving them standing presents a safety hazard to the harvesting operation.
2. All logging damage/debris must be corrected/removed from trails, woods roads, and grass openings daily and prior to sale closure.
3. Any roadwork will require prior approval of the Forestry Department and will follow BMP guidelines. Contractor is responsible for installing water bars and/or using other soil stabilizing techniques where appropriate.
4. Wheeled or tracked equipment is prohibited in the restricted equipment zone (REZ) unless agreed upon in writing. Biomass harvesting is prohibited within the REZ.
5. Special care must be taken to not damage or disturb survey markers.
6. Due to soil limitations, no biomass harvesting is allowed. Tops must be left where they fall, or evenly spread throughout the stand following the harvest.
7. Mixed hardwood pulp volume estimate is approximately 24% white birch and includes less than 1% oak. Fir pulp volume estimate is approximately 10% hemlock. Mixed hardwood log volume estimate includes approximately 52% white birch.
