**Cutting Instructions:**

Contract available for inspection

1. Cut all ironwood, all merchantable aspen, all merchantable fir, all merchantable white birch and orange paint marked trees. Restricted Equipment Zone (REZ) area: cut only orange paint marked trees. Snags and dead trees are only to be cut if leaving them standing presents a safety hazard to the harvesting operation.

2. All logging damage/debris must be corrected/removed from trails, woods roads, and grass openings daily and prior to sale closure.

3. Any roadwork will require prior approval of the Forestry Department and will follow BMP guidelines. Contractor is responsible for installing water bars and/or using other soil stabilizing techniques where appropriate.

4. Wheeled or tracked equipment is prohibited in the (REZ) unless agreed upon in writing. Biomass harvesting is prohibited within the REZ.

5. Permission must be granted by the Forestry Department to use the snowmobile trail from December 1 to March 31. Ample snow cover must be maintained to allow safe snowmobile operation.

6. Special care must be taken to not damage or disturb survey markers.

7. Whole tree skidding with tops attached will be subject to field approval in order to protect advanced regeneration.

8. Special care must be taken to limit damage to advanced regeneration.

9. Mixed hardwood pulp weight estimate is approximately 20% white birch. Mixed hardwood log volume estimate is approximately 42% white ash, 34% white birch, 11% sugar maple, 11% red maple and 1% red oak.
