Total estimated value of accepted bid				103,671.00

Cutting Instructions:

Contract available for inspection

1. Clear cut area: cut all living trees greater than 1 inch in diameter except for sugar maple, basswood, oak, black ash, spruce, tamarack, pine, cedar, cherry, balsam fir, hemlock and yellow paint marked trees. Do not residual cut non-merchantable trees in low wet areas and drainages. Pockets of non-merchantable fir that will not impede aspen regeneration may be left uncut with prior approval of the Forestry Department.
2. All logging damage/debris must be corrected/removed from trails, woods roads, and grass openings daily and prior to sale closure.
3. Any roadwork will require prior approval of the Forestry Department and will follow BMP guidelines. Contractor is responsible for installing water bars and/or using other soil stabilizing techniques where appropriate.
4. Gates/berms removed or damaged by contractor must be restored to original or better condition when sale becomes inactive and upon completion.
5. Mixed hardwood pulp weight estimate is approximately 16% white birch and contains approximately 1,000 board feet of mixed hardwood sawtimber.
