Total estimated value of accepted bid				44,740.50

*Only access is from Camp Avenue*

**Cutting Instructions:**

Contract available for inspection

1. Selection harvest area: cut all ironwood, all merchantable aspen, all merchantable white birch, and orange paint marked trees. Snags and dead trees are only to be cut if leaving them standing presents a safety hazard to the harvesting operation.
2. All logging damage/debris must be corrected/removed from trails, woods roads, and grass openings daily and prior to sale closure.
3. Any roadwork will require prior approval of the Forestry Department and will follow BMP guidelines. Contractor is responsible for installing water bars and/or using other soil stabilizing techniques where appropriate.
4. Gates/berms removed or damaged by contractor must be restored to original or better condition when sale becomes inactive and upon completion.
5. Logging activity is prohibited from April 15 to July 15 to reduce the risk of introducing and/or spreading oak wilt.
6. Special care must be taken to not damage or disturb survey markers.
7. Mixed hardwood pulp volume estimate is approximately 2% white birch pulp and less than 1% aspen pulp. Mixed hardwood log volume estimate is approximately 90% white ash, 6% basswood, and 2% red maple.
