10-OR	Red Oak Sawlogs	MBF	110.00	525.00	57,750.00
Total estimated value of accepted bid					108,450.00

**Cutting Instructions:**

**Contract Available for Inspection**

1. Cut all ironwood and orange paint marked trees. Snags and dead trees are only to be cut if leaving them standing presents a safety hazard to the harvesting operation.
2. All logging damage/debris must be corrected/removed from trails, woods roads, and grass openings daily and prior to sale closure.
3. Any roadwork will require prior approval of the Lincoln County Forestry Department and will follow BMP guidelines. Contractor is responsible for installing water bars and/or using other soil stabilizing techniques where appropriate.
4. Ingress and egress to this sale is the responsibility of the contractor.
5. Logging activity will be prohibited from April 15 to July 15 of each year to reduce the risk of introducing and/or spreading oak wilt.
6. Permission must be granted by the Forestry Department to use the snowmobile trail from December 1 to March 31. Ample snow cover must be maintained to allow safe snowmobile operation.
7. In order to protect advanced regeneration, whole tree skidding with tops attached will be subject to field approval.
8. Special care must be taken to limit damage to advanced regeneration.
9. Mixed hardwood pulp weight estimate is approximately 1% aspen and less than 1% white birch. Basswood pulp weight estimate is approximately 1% balsam fir and 1% hemlock. Mixed hardwood sawlog volume estimate is approximately 78% white ash, 11% red maple, 6% black ash, 3% white birch, and less than 1% yellow birch and black cherry.
