Total estimated value of accepted bid					46,483.00

Cutting Instructions:**Contract Available for Inspection**

1. Cut all ironwood, all merchantable white birch, all merchantable balsam fir, all orange paint marked trees, all purple paint marked trees delineating canopy gaps, and all trees inside of the delineated canopy gaps. Canopy gaps are delineated by purple paint marked trees located on the gap's perimeter. A purple V faces the inside of the canopy gap. Restricted Equipment Zones(REZs): cut only orange paint marked trees. Snags and dead trees are only to be cut if leaving them standing presents a safety hazard to the harvesting operation.
2. All logging damage/debris must be corrected/removed from trails, woods roads, and grass openings daily and prior to sale closure.
3. Any roadwork will require prior approval of the Forestry Department and will follow BMP guidelines. Contractor is responsible for installing water bars and/or using other soil stabilizing techniques where appropriate.
4. Ingress and egress to this sale is the responsibility of the contractor.
5. Lincoln County has an easement to use a woods road to cross the private property southwest of the sale (see map) in order to access this timber sale.
6. Gates/berms removed or damaged by contractor must be restored to original or better condition when sale becomes inactive and upon completion.
7. Logging activity will be prohibited from April 15 to July 15 of each year to reduce the risk of introducing and/or spreading oak wilt.
8. Wheeled or tracked equipment is prohibited in the restricted equipment zones (REZs) unless agreed upon in writing. Biomass harvesting is prohibited within the REZs.
9. Special care must be taken to not damage or disturb survey markers.
10. In order to protect advanced regeneration, whole tree skidding with tops attached will be subject to field approval.
11. Special care must be taken to limit damage to advanced regeneration.
12. Garlic Mustard has been found on a woods road inside of the sale area and on a woods road leading to the timber sale. (see map) Ground disturbances in these areas must be kept to a minimum.
13. Mixed hardwood pulp weight estimate is approximately 14% white birch. Basswood pulp weight estimate is approximately 1% balsam fir. Mixed hardwood sawlog volume estimate is approximately 76% white ash and 23% white birch.
