Total estimated value of accepted bid			27,300.00

Access from
Wildwood Ave**Cutting Instructions:****Contract Available for Inspection**

- 1) Clear cut area: cut all living trees greater than 1 inch in diameter except for oak, spruce, tamarack, pine, cedar, hemlock, and non-merchantable balsam fir. Non-merchantable balsam fir may be cut for operational purposes. Selection harvest area: cut all ironwood, all merchantable aspen, all merchantable balsam fir, all merchantable white birch, all orange paint marked trees, all purple paint marked trees delineating canopy gaps, and all trees inside of the delineated canopy gaps. Canopy gaps are delineated by purple paint marked trees located on the gap's perimeter. A purple V faces the inside of the canopy gap. Snags and dead trees are only to be cut if leaving them standing presents a safety hazard to the harvesting operation.
- 2) All logging damage/debris must be corrected/removed from trails, woods roads, and grass openings daily and prior to sale closure.
- 3) Any roadwork will require prior approval of the Lincoln County Forestry Department and will follow BMP guidelines. Contractor is responsible for installing water bars and/or using other soil stabilizing techniques where appropriate.
- 4) Ingress and egress to this sale is the responsibility of the contractor.
- 5) Garlic mustard has been found on the woods road within the sale (see map). Soil disturbances on these woods roads must be kept to a minimum in order to help slow the spread of this invasive species. The NW1/4 NW1/4 Section 32-T34N-R4E & NE1/4 NE1/4 Section 31-T34N-R4E will be cut last.
- 6) Gates/Berms removed or damaged by the contractor must be restored to original or better condition when the sale becomes inactive and upon sale completion.
- 7) Special care must be taken to not damage or disturb survey markers.
- 8) In order to protect advanced regeneration whole tree skidding with tops attached will be subject to field approval.
- 9) Special care must be taken to limit damage to advanced regeneration.
- 10) Portions of this sale are wet and will require frozen ground/snow covered logging conditions.
- 11) Mixed hardwood pulp weight estimate is approximately less than 1% white birch. Hemlock pulp weight estimate is approximately 12% balsam fir. Mixed hardwood sawlog volume estimate is approximately 41% red maple, 36% hard maple, 17% white ash, and 5% black ash.
