Cutting Instructions:**Contract Available for Inspection**

- 1) Red Pine Final Harvest area (3 Acres): cut all trees. In the remaining clear cut areas cut all living trees greater than 1 inch in diameter except for oak, butternut, black ash, white spruce, tamarack, white pine, cedar, cherry, hemlock, non-merchantable black spruce, and non merchantable balsam fir. Seed tree area: cut all living trees greater than 1 inch in diameter except for oak, butternut, black ash, white spruce, tamarack, cedar, cherry, hemlock, non-merchantable black spruce, non merchantable pine, non merchantable balsam fir, and yellow paint marked trees. Snags and dead trees are only to be cut if leaving them standing presents a safety hazard to the harvesting operation.
- 2) All logging damage/debris must be corrected/removed from trails, woods roads, and grass openings daily and prior to sale closure.
- 3) Any roadwork will require prior approval of the Lincoln County Forestry Department and will follow BMP guidelines. Contractor is responsible for installing water bars and/or using other soil stabilizing techniques where appropriate.
- 4) Ingress and egress to this sale is the responsibility of the contractor.
- 5) Tops and slash from the Red Pine Final Harvest area must be piled near landing sites or eliminated in another manner with prior approval from the Lincoln County Forestry Department.
- 6) Permission must be granted by the Forestry Department to use the snowmobile trail from December 1 to March 31. Ample snow cover must be maintained to allow safe snowmobile operation.
- 7) All stump heights must be less than 6" in the Red Pine Final Harvest area.
- 8) Due to soil limitations, no biomass harvesting is allowed. With the exception of the 3 acres of Red Pine Final harvest; Tops must be left where they fall, or evenly spread throughout the stand following the harvest.
- 9) Portions of this sale are a Red Pine Final harvest (3 acres) & a White Pine Seed Tree harvest (9 acres). Lincoln County's Heterobasidion Root Disease (HRD) Policy must be followed during the harvest.
- 10) Pulp Weight Estimates Include All Saw Timber.
- 11) Mixed hardwood pulp weight estimate is approximately: 3% White Birch.
