Children

NO COST shots for children under 18 years old who have any of the below qualifications:

- Have Medicaid/Badger Care coverage
- Are Alaskan Native or American Indian
- Do not have health insurance
- Have insurance, but no coverage

Adults

No health insurance or health insurance with no vaccine coverage may be able to get vaccines.

- $10.00 per appointment
- Call for a complete listing of vaccines available

Some adult vaccines are available to anyone for a small fee:
- Hepatitis A $55.00
- Hepatitis B $60.00
- Influenza - call for fee information
- Tetanus, Diphtheria, acellular Pertussis (Td, Tdap) - call for information

We love to help!

When scheduling an appointment, our staff will answer any questions, let you know what is recommended and if there are any costs for the visit.

No one will be denied a state funded vaccine due to inability to pay. Lincoln County Health Department is an equal opportunity employer and service provider.
