

Keeping Kids Safe #askmewhyivax

YOU PROTECT THEM ON THE OUTSIDE.
VACCINES PROTECT THEM ON THE INSIDE.
#ASKMEWHYIVAX

Keep Kids Safe

- ◆ Vaccines at a young age help provide lifelong protection from certain diseases.

Keep the Community Safe

- ◆ Decreasing vaccination rates are associated with outbreaks. (Ex: Measles 2019)

Vaccines are Safe

- ◆ Many diseases have been eliminated because of vaccines. (Ex: Smallpox 1980)

CDC Immunization Schedule (0-18 yrs.) <https://bit.ly/2l8yGmF>

CDC Vaccine Safety <https://bit.ly/2oDWBHp>

Additional questions, call Jennifer Johnson, RN, PHN,
Lincoln County Health Department at 715-539-1371.
