

**PETITION TO DISALLOW A CHANGE IN ZONING IN THE TOWN OF MERRILL**

To: The Town of Merrill Chairman and Supervisors and  
The Lincoln County Land Services Committee

**Zoning Request Opposed:**

Request by Prairie River Junction LLC (Representative Jeff Hell), G&M Peterson LLC, and James Peterson Sons Inc. to allow Heavy Industrial Use in a General Industrial (GI) zoning district.

21 PAGES 212 SIGN

**Tax Pins Involved:** 01431060139999, 01431060149990, and 01431060139981.

We strongly disagree with the Conditional Use Permit Request to change the above properties to Heavy Industrial Use. These properties are within close proximity to residential and agricultural properties which will negatively affect our property values, create a significant increase in noise pollution, pose a threat to the health and safety of its residents through increased commercial traffic, have the potential of rail cars blocking roadways at railroad crossings to vehicular traffic and emergency vehicles as rail cars are moved, further pavement deterioration of Duginski Rd. and others due to heavy traffic resulting in an economic burden to the township and its' tax payers to repair or replace. We are concerned that no environmental impact study has been done to our knowledge, to determine the effect to soil, groundwater, air quality and wildlife. Most importantly, a change to Heavy Industrial Use will negatively affect the peace and tranquility of our neighborhood which is the prime reason we chose to live here.

**We, the undersigned, have personally signed this Petition to disallow this change, and are owners of real property located adjacent to or near the proposed property identified above.**

**PETITION TO DISALLOW A CHANGE IN ZONING IN THE TOWN OF MERRILL**

To: The Town of Merrill Chairman and Supervisors and  
The Lincoln County Land Services Committee

**Zoning Request Opposed:**

Request by Prairie River Junction LLC (Representative Jeff Hell), G&M Peterson LLC, and James Peterson Sons Inc. to allow Heavy Industrial Use in a General Industrial (GI) zoning district.

**Tax Pins Involved:** 01431060139999, 01431060149990, and 01431060139981.

We strongly disagree with the Conditional Use Permit Request to change the above properties to Heavy Industrial Use. These properties are within close proximity to residential and agricultural properties which will negatively affect our property values, create a significant increase in noise pollution, pose a threat to the health and safety of its residents through increased commercial traffic, have the potential of rail cars blocking roadways at railroad crossings to vehicular traffic and emergency vehicles as rail cars are moved, further pavement deterioration of Duginski Rd. and others due to heavy traffic resulting in an economic burden to the township and its' tax payers to repair or replace. We are concerned that no environmental impact study has been done to our knowledge, to determine the effect to soil, groundwater, air quality and wildlife. Most importantly, a change to Heavy Industrial Use will negatively affect the peace and tranquility of our neighborhood which is the prime reason we chose to live here.

**We, the undersigned, have personally signed this Petition to disallow this change, and are owners of real property located adjacent to or near the proposed property identified above.**
