3. Total CAD's created for calls of service for the month of April was 2,043 which was a decrease of 138 from last month's 2,181.
4. The Lincoln County dispatch center continues to ask a series of screening questions for COVID-19 prior to dispatching emergency and law enforcement services. The purpose of these questions is to aid in the early detection of the COVID-19 disease prior to arrival of services and to further notify responding units of the possibility of the presence of the virus so they may respond accordingly.
5. As the Health Department continues to receive reports of positive COVID -19 tests, those addresses are flagged in the CAD system so the Telecommunications Officers may readily advise responding units of the potential exposure.
