While there may be a quorum of other Lincoln County committees present at this meeting, no other Lincoln County committee business will be conducted at this meeting.

Requests for reasonable accommodations for disabilities or limitations should be made prior to the date of this meeting. Please contact the Lincoln County Clerk at 715-539-1019 as early as possible so that proper arrangements may be made. Requests are kept confidential.

GENERAL REQUIREMENTS:

1. Must be held in a location which is reasonably accessible to the public.
2. Must be open to all members of the public unless the law specifically provides otherwise.

NOTICE REQUIREMENTS:

1. In addition to any requirements set forth below, notice must also be in compliance with any other specific statute.
2. Chief presiding officer or his/her designee must give notice to the official newspaper and to any members of the news media likely to give notice to the public.

MANNER OF NOTICE:

Date, time, place, and subject matter, including subject matter to be considered in a closed session, must be provided in a manner and form reasonably likely to give notice to the public.

TIME FOR NOTICE:

1. Normally, a minimum of 24 hours prior to the commencement of the meeting.
2. No less than 2 hours prior to the meeting if the presiding officer establishes there is a good cause that such notice is impossible or impractical.

EXEMPTIONS FOR COMMITTEES AND SUB-UNITS:

Legally constituted sub-units of a parent governmental body may conduct a meeting during the recess or immediately after the lawful meeting to act or deliberate upon a subject which was the subject of the meeting, provided the presiding officer publicly announces the time, place, and subject matter of the sub-unit meeting in advance of the meeting of the parent governmental body.

PROCEDURE FOR GOING INTO CLOSED SESSION:

1. Motion must be made, seconded, and carried by roll call majority vote and recorded in the minutes.
2. If motion is carried, chief presiding officer must advise those attending the meeting of the nature of the business to be conducted in the closed session, and the specific statutory exemption under which the closed session is authorized.

STATUTORY EXEMPTIONS UNDER WHICH CLOSED SESSIONS ARE PERMITTED:

1. Deliberation of judicial or quasi-judicial matters. Sec. 19.85(1)(a)
2. Considering dismissal, demotion, or discipline of any public employee or the investigation of charges against such person and the taking of formal action on any such matter; provided that the person is given actual notice of any evidentiary hearing which may be held prior to final action being taken and of any meeting at which final action is taken. The person under consideration must be advised of his/her right that the evidentiary hearing be held in open session and the notice of the meeting must state the same. Sec. 19.85(1)(b).
3. Considering employment, promotion, compensation, or performance evaluation data of any public employee. Sec. 19.85(1)(c).
4. Considering strategy for crime detection or prevention. Sec. 19.85(1)(d).
5. Deliberating or negotiating the purchase of public properties, the investing of public funds, or conducting other specified public business whenever competitive or bargaining reasons require a closed session. Sec. 19.85(1)(c).
6. Considering financial, medical, social, or personal histories or disciplinary data of specific persons, preliminary consideration of specific personnel problems or the investigation of specific charges, which, if discussed in public would likely have an adverse effect on the reputation of the person referred to in such data. Sec. 19.85(1)(f).
7. Conferring with legal counsel concerning strategy to be adopted by the governmental body with respect to litigation in which it is or is likely to become involved. Sec. 19.85(1)(g).
8. Considering a request for advice from any applicable ethics board. Sec. 19.85(1)(h).

CLOSED SESSION RESTRICTIONS:

1. Must convene in open session before going into closed session.
2. May not convene in open session, then convene in closed session and thereafter reconvene in open session within twelve (12) hours unless proper notice of this sequence was given at the same time and in the same manner as the original open meeting. Sec. 19.85(2).
3. Final approval or ratification of a collective bargaining agreement may not be given in closed session.

BALLOTS, VOTES, AND RECORDS:

1. Secret ballot is not permitted except for the election of officers of the body or unless otherwise permitted by specific statutes.
2. Except as permitted above, any member may require that the vote of each member be ascertained and recorded.
3. Motions and roll call votes must be preserved in the record and be available for public inspection.

USE OF RECORDING EQUIPMENT:

The meeting may be recorded, filmed, or photographed, provided that it does not interfere with the conduct of the meeting or the rights of the participants.

LEGAL INTERPRETATION:

1. The Wisconsin Attorney General will give advice concerning the applicability or clarification of the Open Meeting Law upon request.
2. The municipal attorney will give advice concerning the applicability or clarification of the Open Meeting Law upon request.

PENALTY:

Upon conviction, any member of a governmental body who knowingly attends a meeting held in violation of Subchapter IV, Chapter 19, Wisconsin Statutes, or who otherwise violates the said law shall be subject to forfeiture of not less than \$25.00 nor more than \$300.00 for each violation.

Ordinance section relating to variance request: 10 ft from lot line 21.07 (4) (b)

Relief is requested to allow: A stoarge shed 6 ft from the lot line.

Address each of the following criteria for granting a variance (please be specific).

1) Unnecessary hardship is present because...

We used to store our tractor in the neighbors garage as part of a deal we have had for years because it was over our lot line. Then It collapsed this winter. We use the tractor to clear snow from Packer Point Dr. which is a private road used by 4 properties.

2) Unique features of this property prevent compliance with the terms of the ordinance; they include...

We have a hill we can not remove because WPS would not move where the power comes in and serves the properties on the point. We tried to get them to move it when they put everything underground but they refused. See the attached easement we had to sign. This is the only flat spot on our lot to put a storage shed.

3) A variance will not be contrary to the public interest because...

This is on a private road and the neighbor is ok with this setback because his garage was over the lot line for years. He is currently rebuilding his garage 6ft away from the line

To whom it may concern,

We are writing this letter in support of the Leonhards request for a boundary variance in order to have a shed/storage building placed on their property. Our property ([W1170 Packer Point Drive](#)) sits directly east of the Leonhards, sharing the property line that their building will sit along. Their proposed placement along with the placement of our storage building along the same line will leave almost 16' of clear permeable pathway between the 2 buildings.

We do not have any issues with the proposed placement and are in support of the requested variance.

OVERVIEW

REQUEST

A request for variance by Jackie & Robert Leonhard Revocable Joint Trust from section 21.07 (4)(b) of the Lincoln County Shoreland Zoning Ordinance to allow for the placement of a storage shed within the minimum required side lot line set-back. Section 21.07 (4)(b) of the Lincoln County Shoreland Zoning Ordinance requires a minimum of 10 feet from the side lot line to the nearest part of a structure/building foundation.

The property is located in the NE ¼ SW ¼ of Section 15, T34N, R8E, in the Town of Harrison, has a parcel number of 010-3408-153-9915 and an address of W1184 Packer Point Dr.

SITE CHARACTERISTICS

W1184 Packer Point Dr. is Lot 1 of Certified Survey Map 1850 and is calculated at .91 acres or roughly 40,048 sq. ft. in size. The lot was created through a minor subdivision in 2005 and is a conforming parcel, meeting minimum lot size and average lot width requirements. The Town of Harrison is unzoned through the general zoning ordinance but this lot is located within the shoreland overlay zone and is subject to all shoreland zoning requirements, per Chapter 21.05(1).

Impervious surface coverage on the lot is below 15% of the listed lot area, per GIS aerial calculations. The addition of a 14' x 28' storage shed will not increase the impervious surface coverage beyond 15% of the listed lot area. Per code section 2.13(4)(a), impervious surface coverage is allowed up to 15% of the lot area without condition.

The lot does not contain mapped wetlands or floodplains and is mostly wooded. There is an existing natural shoreland buffer extending 50 feet or more from the ordinary high water mark (OHWM) of the Lake with a small view/access corridor clearing. Topography on the majority of the lot is steep, with an average grade of 20% or more. The South-east corner of the lot, however, where the storage shed is

proposed, is flat and no additional levelling or major soil disturbance work would be required for the storage shed placement in this location.

There was a portion of a garage encroaching onto this parcel from the adjacent parcel, W1170 Packer Point Drive. The Leonhard's had been using the portion of the neighbor's garage that was encroaching onto their lot for storage. Over this past winter, the garage collapsed. The neighbor's garage is being re-built but the area of encroachment into this parcel is not being re-built. Therefore, the structure which was previously used for storage is no longer available to them for their use.

There is an existing Wisconsin Public Service (WPS) power box and underground power lines which are unable to be relocated on the lot, per the landowner. The WPS power box is preventing compliance with structure meeting the 10 ft. side lot line set-back.

PROPERTY HISTORY AND SUMMARY OF NOTEWORTHY TOPICS

The lot was initially developed in 2005. Sanitary, Land-use, and soil disturbance permits were obtained as required during this time-frame.

In 2005, The Lincoln County shoreland ordinance contained Lake Classification. Lake Classification outlined more restrictive requirements for development on some waterways, which were determined through studies, to be more sensitive to development pressures. At the time of development, the required shoreland set-back was a minimum of 90 feet from the OHWM on moderate sensitivity lakes, including Long Lake. Per code, this set-back could be reduced by implementing a mitigation plan and recording a land-use affidavit with certain restrictions placed on the lot. In order to reduce the 90 foot set-back requirement to 75 feet, a land-use affidavit was signed in 2005 outlining the preservation of a natural shoreland buffer along the shoreline to a minimum depth of 50 feet, with the exception of one 30 foot wide view/access corridor. This affidavit remains on the lot in perpetuity and the lot is meeting the standards outlined on this document.

Additional septic permitting was obtained in 2013 to increase the size of the drainfield.

PUBLIC NOTIFICATION

The legal notice of the request was noticed in the proper manner. Staff mailed notices of the petitioner's request to neighboring property owners within 300' from the property boundary and the Town of Harrison.

APPLICABLE ORDINANCE SECTIONS

The general purpose of the Lincoln County Shoreland Ordinance is "For the purpose of promoting the public health, safety, convenience, and welfare, and protect the public trust in navigable waters". Areas regulated by chapter 21 shall include all the lands (referred to herein as shorelands) in the unincorporated areas of Lincoln County, which are Within 1,000 feet of the ordinary high-water mark of navigable lakes, ponds or flowages and lands Within 300 feet of the ordinary high-water mark of navigable rivers or streams, or to the landward side of the floodplain, whichever distance is greater, must comply with the requirements specified under general provisions for Lincoln County.

- 21.07 (4)(b)- *SIDE YARD SETBACK*. A minimum of 10 feet to the nearest part of a structure/building foundation.
- 17.8.60 (1) - *VARIANCE REVIEW AND APPROVAL PROCEDURE. PURPOSE*. The purpose of this section is to provide regulations which enable the Board of Adjustment to hear and decide requests for permitted variation from the terms of this chapter as will not be contrary to the public interest; where owing to special factors, a literal enforcement of the provisions of this chapter would result in practical difficulty or unnecessary hardship, so that the spirit of this chapter shall be observed, public safety and welfare secured, and substantial justice done; as provided for by Wisconsin Statutes and applicable case law.

- **17.8.60 (9) TIME LIMITS ASSOCIATED WITH VARIANCES.** An approved variance shall expire 24 months from the date issued if the work described in the permit is not commenced, unless a one-time, one-year extension is applied for, without fee, from the Board of Adjustment prior to the expiration date.

EVALUATION

APPROVAL CRITERIA

The Board of Adjustment shall review all variance petitions against the standards provided under Wisconsin Statutes and applicable case law, and with the consideration to the following three legal standards of the Lincoln County Zoning Ordinance. The petitioner has submitted responses to the variance standards outlined in the variance application (see variance application in packet) and below is the staff analysis of the request.

- 1) Unnecessary Hardship – Compliance with variance standards would unreasonably prevent the owner from use of the property for a permitted purpose, or would be unnecessarily burdensome.**

Staff Analysis: In the case of the standard “Unnecessary Hardship”, the applicant does provide clear evidence that denial of the variance would be unnecessarily burdensome. Denial of a variance for this location, would require the landowners to place the shed in another area of the lot where there are steeper grades and existing mature vegetation. Access to a storage shed in a different location would be challenging due to the topography on the site. There is also the need for a driveway or walkway surface to the shed and the soil disturbance needed to level the ground for placement of the shed is not ideal. Soil disturbance activities on steep grades with a sandy soil type can cause long term erosion/ stabilization issues.

- 2) Unique Property Features - this hardship is created because of unique qualities of the property, not the circumstances of the owner.**

Staff Analysis: To meet this standard, the hardship must be because of unique property features, rather than the circumstances of the owner. Examples of unique property features could include a legal substandard lot size, steep slopes, existing building configurations, or existing septic layout/location which prevent building in compliance with the ordinance. This property does have unique characteristics which create a hardship in the fact that lot is relatively steep. The WPS power box and underground power lines serving the properties on this roadway cannot be relocated, per the applicant. The prior garage encroachment that was being used for storage collapsed and because there is a restriction to re-build a structure over an adjacent lot line, there is no allowance to replace the neighbor’s garage structure which was in this location for storage use. Having a storage shed in another area of the lot is not ideal as this shed cannot be accessed from Packer Point Dr.

- 3) Public Interest – the variance would not harm the public interest, which is the purposed and intent of the ordinance.**

Staff Analysis: Under standard three, the variance cannot be contrary to public interest or the intent of the zoning district. This standard is met by this application. Reducing the lot line set-back by 4 feet will not harm the public interest. There are many nonconforming storage structures, located within 10 feet of a lot line, throughout the Town of Harrison.

STAFF RECOMMENDATION

Based on the evidence available in the application and the three variance standards, staff recommends **approval** of the variance from section 21.07 (4)(b) of the Lincoln County Shoreland Zoning Ordinance to allow for the placement of a storage shed within the minimum required side lot line set-back.
